

The following is a sampling of the feedback we have received over the years from players, parents, coaches, & scouts:

From Our 2012 Camp Participants:

"Thanks for the great camp. (We were) very pleased with the interest and offers received."

"I think the camp was very well organized and it delivered on its promise to expose the players to many junior coaches and scouts."

"Andy, thanks for such a great camp (we) got an education into the real world of Jr hockey. I learned a great deal of very necessary info going forward. (We) made some great contacts and should have no trouble finding a place to play next year."

"Andy, just wanted to let you know (we) enjoyed the weekend. It was run first-class. "

"Well, what a great experience. While a bit anxious, as you can imagine, great fun and felt extremely comfortable with the other Camp players. We were pleasantly delighted as to the interest (we) did get, and invitations to skates/tryouts for a number of teams."

"Just wanted to say thanks again. You guys do a GREAT thing for aspiring players. I have been in this "hunt" for three years now, and you and your organization are unlike any other I have found."

"Many scouts attended. Good number of games and exposure. Player Profile was very useful."

"We are/were VERY impressed with your camp & look forward to doing it again next year!!! Thanks again for all your hard work."

"The organization of the camp was great. The seminar and profile service was worth the time & money."

"We only attended 2 camps this year and yours was by far the best."

"Excellent, don't change a thing!"

"I just wanted to thank you for inviting me to the showcase this weekend. It was a great experience and everything was very fun and competitive."

"It gave me many new looks for teams I couldn't have thought of being able to tryout for."

From Participating Coaches/Scouts In Our 2012 Camp:

"Hey thanks Andy...the showcase was great, a lot of great players and future prospects for us!"

"Of all the showcases I attended this spring, yours ranked top two for talent."

"I want to drop a line and say thank you for the hospitality at the showcase. I thought it was run very professional and you can really tell you take pride in running these."

"Thanks guys. Great showcase."

"Andy thank you for everything, this is my favorite showcase I have attended it was ran great."

Thanks again and I look forward to seeing you again there next year."

From Nicholas M.A. Fatis, Head Coach & GM Rochester Ice Hawks:

"The Five Hole Hockey Exposure camps have helped keep our program winning championships... Andy and the staff run a first class program and have put players into situations to succeed. I would encourage ANY players looking to get a foot into Jr. hockey to attend."

"We've been at the every Five Hole Hockey camp and we plan on being at everyone for the foreseeable future. The players we have added from Andy's camps have been important cogs in our National success."

"Five Hole has been a great place for players and teams to find the fit they are looking for, we look to get at least 5 or 6 players out of 5H a summer, sometimes more! The kids we get from Five Hole are good kids as well as good players, we have to really take personality into account and we feel that the 5H boys are always in the mix for our standards."

"Andy and the staff always treat teams and players well, I have no complaints as a coach. Some camps limit access to the players or contact info, not here. At 5 Hole camps the staff goes out of it's way to make sure you have a chance to connect with the players on site or during the weeks after the camp."

From Michael Hynes, Father of 2010, 2011, & 2012 Camp Participants:

"For us, the meet & greet session with the attending coaches & scouts was the highlight. The reason, I thought it was the highlight is that it gave you an opportunity to connect with the coaches which would give them a reason to focus on you at the next competitive skate. With hockey becoming as competitive as it is, those that are serious need to find ways to differentiate themselves and stand out ... there is so much more to hockey than a shift and I thought this was an excellent opportunity to do that - differentiate yourself as a player and potential team member. Recommendations and referrals from scouts and coaches attending the camp have provided opportunities to be seen at USHL, NAHL, and CSHL events...Staff was very organized, very personable and real people; they didn't tell what you wanted to hear... they told you what you needed to hear."

From Michael Fairbanks, Father of 2008 & 2009 Camp Participant:

"Five Hole Hockey afforded our son the opportunity to compete against high caliber players under the watchful eyes of many different scouts from various leagues. Andrew was able to make enough of an impression that he ended up signing with the Minnesota Ice Hawks of the Minnesota Jr. Hockey League. This is among the top camps I have seen over the years and the representatives are very accommodating and helpful in making contact between the players and scouts. I would highly recommend it to any prospective Jr./AAA players looking to move to a higher level."

From Previous Camp Participants:

"There were way more scouts than I expected."

"The camp exceeded my expectations. The level of play was great and the presence of scouts and coaches was great."

"Offers that obviously came through word of mouth as direct result of being seen at this camp. The network is vast and fast-has eyes everywhere."

"I wanted to compliment you on organizing & running an excellent camp... As a parent, we often have to juggle value vs. exposure, but your camp provided plenty of both for the players. I can't remember a camp we attended that provided such a high level of play, plenty of ice time (opportunity) and a high concentration of scouts/coaches."

"Thank you for a great weekend of hockey, challenge, and camaraderie."

"A personal touch in today's day and age is very rare...the way your camp was handled was awesome"

"Very well done & it opened a lot of doors."

"The seminar was a great teaching tool for us parents."
